

Name: *Sample*

Write an "I Want" Song (with "fortissimo!")

What is something you want more than anything in the world?

A car

Why do you want it? How would it help you or make your life better?

I could drive it

It could sing with me

Maybe there would be a milkshake machine in it

Use your ideas to write the lyrics to an "I Want" song. In your lyrics, write in more detail about why you want something, and especially how it would feel to get it. If you want an extra challenge, you can try to make it rhyme, but it doesn't have to.

Decide on important parts you'd like to sing LOUDLY. Put an "f" (for "forte") next to a line you'd like to sing loudly, or an "ff" (for "fortissimo!") next to a line you'd like to sing SUPER loudly. And then...SING!

I want to have a car

A car that could sing with me

It will be ice colored and polka-dotted

It would even have a milkshake machine

If someday I find that car

f I'll feel overjoyed and full of milkshakes

I'll scream with delight in ff FORTISSIMO

The car and I will start a band
