

What is your **setting**?

What is a word to **describe** this setting? (Beautiful? Spooky? Fun?)

WAIT! Don't just **tell** us about the setting with that describing word!
Show us the setting with LOTS more details from your five senses!

What do you **see** there?

What do you **hear** there?

What do you **smell** there?

What do you **taste** there?

What do you **feel** there?

Put it all together! Write a sentence describing the setting with some of the five senses!
