

What is your <b>setting</b> ?	What is a word to <b>describe</b> this setting? (Beautiful? Spooky? Fun?)
WAIT! Don't just tell us about the setting with that describing word! Show us the setting with LOTS more details from your five senses!	
What do you <b>see</b> there?	What do you <b>hear</b> there?
What do you <b>smell</b> there?	there? What do you <b>feel</b> there?
Put it all together! Write a sentence describing the setting with some of the five senses!
